Dear Shareholder,

The Board of Directors is writing to you to advise you of certain changes that it proposes to make to the investment objectives and policies of certain Funds to clarify the way in which these Funds are managed or to bring consistency between the Funds of the BGF range. All changes set out in this letter will take effect on or around 12 December 2011 (the “Effective Date”) and will be reflected in a new Prospectus to be dated as of the same date (the “Revised Prospectus”). This letter forms notice to Shareholders of the same. Terms defined in this letter bear the same meaning as in the Prospectus.

1. Clarifications in respect of the investment objectives and policies of certain Funds

1.1. Emerging Markets Funds

(v) BlackRock Global Funds – Global SmallCap Fund; and
(vi) BlackRock Global Funds – Emerging Europe Fund,

Together the “Emerging Markets Funds”.

(i) BlackRock Global Funds - Emerging Markets Bond Fund; and

(ii) BlackRock Global Funds - Local Emerging Markets Short Duration Bond Fund,

together the “Emerging Markets Fixed Income Funds”.

The investment objectives and policies of the Emerging Markets Fixed Income Funds will be amended to clarify the fact that the governments and agencies issuing the fixed income securities to which these Funds seek exposure, operate in emerging markets as opposed to being domiciled in emerging markets, and do not necessarily exercise any economic activity in such emerging markets or more generally.

These amendments to the investment objectives and policies of the Emerging Markets Fixed Income Funds do not change the way in which these Funds are managed but instead clarify the relationship between governments and agencies and emerging markets.

1.3. BlackRock Global Funds - Global Equity Income Fund

The investment objective and policy of the Fund will be amended in order to clarify that the currency exposure of the Fund will be flexibly managed. This is in order that the investment team may more actively manage the currency risks associated with a global portfolio of equities. This approach is already implemented for other Funds within the BGP range managed by the same investment team.

This amendment to the investment objective and policy of the Fund will not result in any meaningful change to the risk profile of the Fund or the underlying investment approach but instead clarifies the strategies the Fund uses and the investments which may make up its total assets.
