**THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. IF IN DOUBT, PLEASE SEEK PROFESSIONAL ADVICE.**

11 March 2022

Dear Shareholder,

**ABERDEEN STANDARD SICAV I**

We are writing to inform you of the changes that the Board of Directors of Aberdeen Standard SICAV I (the “**Company**”) proposes to make to the Company and its sub-funds (the “**Funds**”) with effect from 11 April 2022 (the “**Effective Date**”). The principal proposed changes are detailed in this letter.

Capitalised terms used in this letter shall have the same meaning ascribed to them in the latest version of the prospectus of the Company unless the context otherwise requires.

**1. Promoting ESG and Sustainable Funds**

abrdn, through its Investment Managers, is committed to continuously reviewing its range of Funds to ensure that they continue to meet client requirements as they develop and change over time. Recently there has been identified a clear increase in client focus on Environmental, Social and Governance (“**ESG**”) issues and wider sustainability.

Integrating ESG considerations is a key part of abrdn’s investment process for all of the Funds and we are now looking to make changes initially to a number of equity and fixed income Funds to either (i) further promote the Fund’s ESG characteristics or (ii) shift to being run as a Sustainable Fund.

The relevant Funds impacted and the changes from the Effective Date are detailed below:

**(i) Promoting ESG Funds**

These Funds will incorporate negative screening based on ESG Factors and societal norms. In addition, securities with the highest ESG risks will be screened out via abrdn’s ESG House Score along with quantitative and qualitative inputs and asset class specific screens. Finally, these Funds will have explicit portfolio ESG targets as set out in the new Investment Objectives and Policies (the “**Promoting ESG Funds**”).

**(ii) Sustainable Funds**

These Funds will incorporate all the features of the Promoting ESG Funds noted above, but will also have additional screening (the “**Sustainable Funds**”). Sustainable Funds will also screen out a greater number of securities with the highest ESG risks via abrdn’s ESG House Score along with quantitative and qualitative inputs and asset class specific screens.

All of these Sustainable Funds will also have a change in name to reflect this approach, as noted in the table below.

In addition, there are certain Funds which already have a sustainable focus in line with that set out above, but will be changing name along with small amendments to certain of the existing

screening criteria, investment process and investor profile in order to align with the rest of the Sustainable Funds.

The investment process for all the Promoting ESG Funds and Sustainable Funds will be updated from "Active Equities – Long Term Quality" to "Active Equities - Values Led Investing". This is being done as Values Led Investing strategy also encapsulates Long Term Quality focus but at the same time is subject to values-led criteria, which includes sustainable investment, as outlined in the investment objective and policy of these Funds.

Similarly, the investor profiles of these Funds will also be updated to highlight the compliance of the equity and/or bond investments, accessible through these Funds, with the Sustainable or Promoting ESG Investment process, as applicable.

The aforesaid changes do not alter the risk profile of the Funds.

### **Portfolio Rebalancing**

Shareholders are informed of the associated cost impact of the rebalancing of the portfolios with the estimated amounts as set out in the table below (including spreads, commissions and taxes). Such costs will be borne by each Fund. Any additional cost associated with the rebalancing of the portfolios (such as legal, regulatory or administrative costs) will be borne by a group company of abrdn plc.

Please note that it is intended that the Funds will become fully compliant with their new investment mandates as described above in section 1 of this letter (the "**New Investment Mandates**") as soon as practicably possible but in all cases this is not expected to exceed 1 calendar month, following the Effective Date (the "**Rebalancing Period**"). Shareholders should be aware that during the Rebalancing Period, the Investment Manager may need to adjust the relevant Fund's portfolio and asset allocation in order to implement the New Investment Mandates. As such, the Funds may not fully adhere to the New Investment Mandates applicable to the relevant Funds during this brief period.

### **SFDR**

All of the Funds impacted will from the Effective Date be classified as Article 8 under the EU's Sustainable Finance Disclosure Regulation ("**SFDR**"), with those changing classification, changing from Article 6 as shown in the table below. Article 8 funds are those that promote social and/or environmental characteristics, invest in companies that follow good governance, give binding commitments but do not have a sustainable investment objective.

### **Investment Objective and Change of Names**

The table below summaries the Funds that are changing at the Effective Date and the category of change. It also sets out the SFDR classification and estimated rebalancing costs as described above.

Full details of the new investment objectives and the investment approach documents can be found at [www.abrdn.com](http://www.abrdn.com).

The proposed amendment will allow for efficient management of cash and related securities of these Funds.

The aforesaid changes do not alter the risk profile of the Funds.

**3. Corrections to leverage figures under risk management process for certain Funds**

As communicated previously via the notification dated 1 September 2021, on account of the Management Company aligning its policy in terms of the definition and usage of global exposure methodology and the calculation of the leverage levels and disclosure across its funds, certain updates were made to the Risk Management Process section of the prospectus. The updates involved changes to the disclosed level of leverage for each relevant Fund (i.e. those using a value at risk approach ("VaR")). However, it was noticed that some of the disclosed figures needed to be corrected and therefore the figures for the following Funds will be corrected as follows:

Fund	Risk Management Approach	Maximum	Benchmark for Relative VaR	Expected Level of Leverage based on "Sum of Notionals" approach
Aberdeen Standard SICAV I – All China Sustainable Equity Fund	Commitment	100%	N/A	N/A
Aberdeen Standard SICAV I – Artificial Intelligence Global Equity Fund	Relative VaR	200%	MSCI AC World Index (USD)	10%
Aberdeen Standard SICAV I – ASI - CCBI Belt & Road Bond Fund	Commitment	100%	N/A	N/A
Aberdeen Standard SICAV I – Asia Pacific Multi Asset Fund	Relative VaR	200%	50% MSCI AC Asia Pacific ex Japan Index 50% Markit iBoxx Asian Local Bond Index	160%

The above changes will not impact the current risk profile or the management of the Funds.

#### 4. Rebranding

As you may be aware, Standard Life Aberdeen plc, the ultimate parent company of the Management Company and the Investment Manager, changed its name to "abrdn plc" on 2 July 2021, starting off a rebrand across the abrdn group. The rebrand also led to a number of entity name changes within the abrdn group as well as changes to the abrdn websites. Accordingly, the prospectus has been updated to reflect the following name changes:

Previous Name	New Name	Effective Date
Standard Life Aberdeen plc	abrdn plc	2 July 2021
