For hedging and for investment purposes, and within the limits set out in Article 4 "General investment principles and restrictions" of the articles of incorporation of the Fund, the Sub-Fund may use all types of financial derivative instruments traded on a Regulated Market and/or OTC provided they are contracted with leading financial institutions specialized in this type of transactions and subject to regulatory supervision. However, in normal market conditions, the Fund Manager intends to use mainly option rights, swaps and futures contracts on securities, money market instruments, financial indices within the meaning of Article 9(1) of Directive 2007/16/EC and Article XIII of the ESMA Guidelines 2014/937, interest rates, exchange rates, currencies and investment funds pursuant to Article 41(1)(e) of the Law of 17 December 2010.
