### NOTICE TO SHAREHOLDERS OF THE JUPITER GLOBAL FUND – JUPITER FLEXIBLE INCOME (the "Sub-Fund")

---

Luxembourg, 2 September 2021

Dear Shareholders,

The board of directors of the Company (the "Board") would like to inform you about the following amendment to be made to the prospectus of the Company (the "Prospectus") in relation to the Sub-Fund.

#### Clarification of the expected level of leverage

The Board has decided to update the disclosure in the Sub-Fund's Information Sheet, in the section "Global Exposure" to increase the expected maximum level of leverage from 150% to 500% of the net asset value of the Sub-Fund in order to align it with the Sub-Fund's levels of leverage over the past 21 months which have exceeded 150%. This level is calculated using the "Sum of Notionals" of the derivatives and aims to reflect the expected gross leverage level of the Sub-Fund given the levels of leverage the Sub-Fund has and had in the past increased use of derivatives for hedging and portfolio rebalancing. A higher level of gross leverage does not necessarily entail an increase in economic risk.

As such, the wording of the section "Global Exposure" of the information sheet of the Sub-Fund will therefore be amended as follows:

*"The global exposure of the Fund is calculated using the Relative VaR Approach. The reference indices used for the purpose of the calculation are:*

~~30% ICE BofAML Global High Yield Constrained (EUR Hedged)~~

~~30% ICE BofAML Global Corporate (EUR Hedged)~~

~~40% MSCI World High Dividend Yield (Net)~~

*The expected level of leverage for the Fund, calculated on the basis of the sum of the notionals, is 150500%, although higher levels of leverage are possible. For options, convertible bonds,*

~~warrants and right the notional value is delta adjusted in order to better represent the actual risk exposure of the derivative position held."~~

All other key features of the Sub-Fund will remain the same. There will be no change in the Sub-Fund's investment style, investment philosophy, investment strategy and risk profile.

The above change will be reflected in a new Prospectus to be dated August 2021, a draft of which is available free of charge at the registered office of the Company.

Should you require further information, please contact your financial advisor.

Copies of the Prospectus and Key Investor Information Documents ("KIIDs"), as well as the Constitution and the latest annual and semi-annual reports of the Company, are available free of charge upon request during normal business hours from the registered office of the Company or from the local representatives of the Company in the jurisdictions in which the Company is registered for public distribution, as set out in Schedule A.

Yours faithfully,

On behalf of the Board
