Holdings will principally be of investment grade bonds. Returns on the Sub-fund will be both through the reinvestment of income and from capital gains."

2. Change to the investment policy of the sub-fund "**Standard Life Investments Global SICAV European Corporate Bond Fund**" to read as follows (changes highlighted for ease of reference):

"The objective of the Sub-fund is to achieve long-term growth in the share price through investing substantially in debt securities issued by corporations and agencies domiciled in European countries or whose securities are quoted on European stock exchanges. Holdings will principally be of investment grade bonds. ~~To a lesser extent, the Sub-fund can also hold government guaranteed securities.~~ The Sub-fund may also invest in government bonds, sub-investment grade debt and other interest bearing securities issued anywhere in the world. Non-Euro denominated issues will generally be hedged back into that currency. Return on the Sub-fund will be both through the reinvestment of income and from capital gains."
