Restructuring of certain portfolios of AB FCP I as corresponding identical portfolios of AB SICAV I

9 March 2018

Dear Shareholder:

The purpose of this letter is to inform you that the board of managers (the “Board of Managers”) of AllianceBernstein (Luxembourg) S.à r.l. (the “Management Company”), a société à responsabilité limitée organized under the laws of the Grand Duchy of Luxembourg, in its capacity as management company of AB FCP I, a fonds commun de placement organized under the laws of the Grand Duchy of Luxembourg (the “Fund”) has resolved to restructure the below-referenced portfolios of the Fund (each, a “Portfolio”) as corresponding identical portfolios (each, a “Restructured Portfolio”) of AB SICAV I, an undertaking for collective investment incorporated as a société d'investissement à capital variable and organized under the laws of the Grand Duchy of Luxembourg (hereinafter “AB SICAV I”) (such transactions together the “Restructuring”).

The Restructuring will be conducted by transferring all assets and liabilities of each Portfolio into the corresponding Restructured Portfolio, and the strategy of each Portfolio will continue in the corresponding identical Restructured Portfolio. Each Restructured Portfolio has been established solely for the purpose of continuing the investment objective and strategy of the Portfolio, and the Restructured Portfolios do not contain any of their own assets and liabilities, the Restructured Portfolio will hold the identical assets and liabilities of the corresponding Portfolios immediately after the Restructuring. As such, each Restructured Portfolio will comprise the same (i) assets and liabilities and (ii) fee structure, (iii) investment policy and strategy and (iv) service providers as the corresponding Portfolio prior to the Effective Date (as defined below).

The purpose of the Restructuring is to convert the Portfolios from a contractual type of fund (fonds commun de placement) into a corporate type of fund (société d'investissement à capital variable) in order to improve each Portfolio’s worldwide distribution, resulting in the potential for increased net assets and correspondingly reduced costs, thereby benefiting all shareholders of the Portfolios (“Shareholders”). For this reason, the Board of Managers has determined that the contemplated Restructuring is in the best interests of Shareholders.
The Restructuring will become effective on 4 May 2018 (the "Effective Date").

1. Impact of the Restructuring on the Shareholders

1.1 Investment policy and risks

The investment objectives, investment policies, and risk profiles of the Restructured Portfolios were adopted from the Portfolios and therefore are identical. In addition, the synthetic risk and reward indicator ("SRRI") set out in the relevant key investor information documents ("KIID") remains the same.

1.2 Service Providers

The service providers of the Fund and AB SICAV I, including the Management Company and the Investment Manager of the Restructured Portfolios, remain the same.

1.3 Governance and fiscal year-end

Each Restructured Portfolio is a sub-fund within a SICAV (a "corporate" type of fund). Accordingly, each Restructured Portfolio entitles its shareholders to certain governance rights, including, inter alia, voting rights, that are not applicable to a contractual type of fund such as the Fund. Subsequent to the Restructuring, Shareholders will be entitled to participate in and vote at a shareholders' general meeting and participate in a variety of matters, including the appointment or revocation of the members of the board of directors, the granting of discharge to the directors and the approval of the annual accounts.

In addition, Shareholders should note that while the Fund has a fiscal year-end of 31 August, the relevant fiscal year-end of AB SICAV I is 31 May, thereby affecting the timing of the annual and semi-annual reports.

1.4 The Restructuring

Shareholders of each Portfolio to whom this letter is addressed will be issued an equal number of shares in the corresponding Restructured Portfolio for the class of shares that they hold in such Portfolio. The initial net asset value ("NAV") per share of each class of shares of each Restructured Portfolio will match the NAV per share of the corresponding class in the Portfolio as of the Effective Date. In addition, shares in each Restructured Portfolio will have the same attributes and naming conventions, as well as the same unique ISINs, as the shares in the Portfolio.

1.5 Fees and Expenses

As all attributes of each share class in each Restructured Portfolio are identical to those of the corresponding share class of each Portfolio, all fees in respect of each share class of each Restructured Portfolio will be the same as the fees of the Portfolio. For further information, please refer to the KIID of the relevant Restructured Portfolio.

\(^1\) formerly known as Developed Markets Multi-Asset Income Portfolio
1.6 Tax implications

The Restructuring will not subject the Portfolios or the Restructured Portfolios to taxation in Luxembourg. Investors may however be subject to taxation in their tax domiciles or other jurisdictions where they pay taxes. As tax laws differ widely from country to country, we recommend that you consult your tax advisers as to the tax implications of the Restructuring specific to your individual case.

1.7 Cost of Restructuring

For the avoidance of doubt, the Restructuring will have no cost to investors.

2. Terms of the Restructuring

Shareholders should note that (i) new subscriptions into each Portfolio, (ii) requests for redemption and (iii) conversions into other eligible share classes of other AB-sponsored funds will be accepted until 4 May 2018, at the order cut-off time indicated in the prospectus for each share class (the “Cut-Off Point”). The first dealing day of the Restructured Portfolios will be 7 May 2018.

On the Effective Date, Shares in each Portfolio will be cancelled and Shareholders will be issued shares in the identical corresponding Restructured Portfolio, which will be issued in registered form with fractions.

Any accrued income relating to each Portfolio and its share classes at the time of the Restructuring will be accounted for an on-going basis after such Restructuring in the NAV per share for the Restructured Portfolio and its share classes.

All outstanding liabilities of the Portfolio will be determined on the Effective Date. Generally, these liabilities comprise fees and expenses which have accrued and are or will be reflected in the net asset value per share. Any additional liabilities incurred after the Effective Date will be borne by the Restructured Portfolio.

The legal, advisory and administrative costs associated with the completion of the Restructuring will be borne by the Management Company.

3. Shareholder’s Rights

Shareholders should note that the Portfolios will continue to accept subscription, redemption and exchange orders until the Cut-Off Point on 4 May 2018.

If you do not wish to receive corresponding new shares of the Restructured Portfolio, you may (i) request the exchange of your shares free of charge for the same share class of another AB-sponsored UCITS fund registered in your jurisdiction or otherwise available through an AB authorized distributor in the country in which you reside; or (ii) redeem your shares free of charge (but subject to any contingent deferred sales charge, if applicable to your shares) until the Cut-Off Point on 4 May 2018.

On the Effective Date, those Shareholders who have not requested redemption or exchange of their shares will receive an equal number of shares of the corresponding class of shares in the relevant Restructured Portfolio.

4. Additional Information

Registration

Shareholders are advised that, except for Japan, each Restructured Portfolio will be registered on or prior to the Effective Date in each of the countries in which each Portfolio is currently registered for public distribution of its shares.

Availability of Documents

Copies of the report of the depositary regarding the Restructuring, the latest annual report and semi-annual
report of AB SICAV I as well as the current prospectus of AB SICAV I reflecting the Restructured Portfolios may be obtained upon request, free of charge, at the registered office of the Management Company.

For your convenience and to help you assessing the relevant changes in the KIID, please find attached hereto, a blackline version of the KIID reflecting the relevant changes between the KIID of the Portfolios and the KIID of the Restructured Portfolios. You are strongly encouraged to read the KIID. The relevant KIID of each Restructured Portfolio will be available on the Effective Date on www.alliancemailerstein.com/go/kid.

What does this risk indicator mean?
This synthetic risk and reward indicator (SRRI) scale rating indicates how the Fund may perform and the risk of losing some or all of your capital. Generally the potential for higher gains also means a larger risk of losses. The lowest category does not mean a risk-free investment.

The above ratings are an estimate, not a guarantee. It is calculated using industry-standard methods and is based on medium-term volatility (how sharply the Fund’s actual or estimated share price has gone up and down over five years).

Historical data may not be a reliable indication of the future risk profile of this Fund. The risk and reward category for this Fund is not guaranteed to remain unchanged and may shift overtime.

Risks materially relevant to the Fund but not adequately captured by the SRRI:
The rating does not reflect the possible effects of unusual market conditions or large unpredictable events, which could amplify everyday risks and could trigger other risks, such as:
Counterparty risk: If an entity with which the Fund does business becomes insolvent, payments owed to the Fund could be delayed, reduced, or eliminated.
Liquidity risk: Certain securities could become hard to buy or to sell at a desired time or price.
The charges you pay are used to pay the cost of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest:
- Entry charge: 5.00%
- Exchange: None
- This is the maximum that might be taken out of your money before it is invested or the proceeds of your investment are paid out.

This synthetic risk and reward indicator (SRI) scale rating indicates how the Fund may perform and the risk of losing some or all of your capital. Generally the potential for higher gains also means a larger risk of losses. The lowest category does not mean risk free investment.

The above rating is an estimate, not a guarantee. It is calculated using industry-standard methods and is based on medium-term volatility (how sharply the Fund's actual or estimated share price has gone up and down over five years).

Historical data may not be a reliable indication of the future risk profile of this Fund. The risk and reward category for this Fund is not guaranteed to remain unchanged and may shift over time.
The charges you pay are used to pay the cost of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
