13 September 2019

Dear Shareholder,

As part of the ongoing process whereby Fidelity regularly reviews its range of funds, I am writing to notify you of the decision taken by the board of directors of Fidelity Funds (the "Board") to

- 1) change the name of Fidelity Funds – European Fund (the "Fund") to **Fidelity Funds - Sustainable Eurozone Equity Fund** with effect from 30 October 2019 or such later date as may be decided by the Board (the "Effective Date"); and
- 2) change the investment objective of the Fund on the Effective Date.

Our records show that you are a shareholder in the Fund (the "Shareholders" or "you"). For more information on the impacted classes of Shares and the corresponding ISIN Codes, please refer to the Appendix of this letter.

Any terms not defined herein shall have the same meaning as in the prospectus of Fidelity Funds ("Prospectus").

Change of name and investment objective

On the Effective Date, the name and the investment objective of the Fund will be changed as follows (the "Changes"):

From:

Fund Name	Investment Objective	Notes
Fidelity Funds – European Fund	<p>The fund aims to achieve long-term capital growth by investing principally in equity securities of companies which have either their head office in or are quoted on stock exchanges of a European Union (EU) member state or a European Economic Area (EEA) member state. The fund may also invest up to 25% of its net assets in non- EU/EEA equity markets (other OECD countries and emerging markets).</p> <p>Subject to the above, the Investment Manager is free to select any company regardless of size or industry. Typically, the fund will concentrate its investments in a more limited number of companies and therefore the resulting portfolio will be less diversified.</p>	<p>Reference Ccy: Euro</p> <p>This fund is eligible for the French PEA (Plan d'Epargne en Actions) tax wrapper.</p>

To:

Fund Name	Investment Objective	Notes
Fidelity Funds – Sustainable Eurozone Equity Fund	<p>The fund aims to achieve long-term capital growth from a portfolio principally made up of equity securities in countries which are members of the Economic and Monetary Union (EMU) and denominated in Euro. A minimum of 70% of the fund's net assets will be invested in equity securities that maintain sustainable characteristics. Sustainable characteristics may include, but are not limited to, effective governance and superior management of environmental and social issues ('ESG'). The Investment Manager may use data provided by internal research teams and complemented by external ESG score providers to form an assessment of their sustainable characteristics.</p>	<p>Reference Ccy: Euro</p> <p>This fund is eligible for the French PEA (Plan d'Epargne en Actions) tax wrapper.</p>

Rationale for and Impact of the Changes

The Changes are in response to increasing investor attention on the sustainable characteristics of their investments. As a result of the changes, the fund will invest in companies with evident or improving sustainable characteristics, particularly in relation to environmental, social and governance factors within the Economic and Monetary Union (EMU).

The fund will focus on quality companies within each sector and mainly in high returns, durable franchises with solid growth prospects and value-creating capital allocation decisions.

To reflect the greater focus on sustainability and investments within the EMU countries, it is proposed to rename the Fund as **Fidelity Funds – Sustainable Eurozone Equity Fund**.

Due to the material extent of the changes to the way the Fund is managed and invests, the portfolio rebalancing will take place within a period of five Business Days after the Effective Date.

The changes outlined above may result in a change to the synthetic risk and reward indicator (the "SRRI") of the Fund. Please refer to the Key Investor Information Document for further information on the SRRI, which is available via the Fidelity website.

Fund risk profile

The risk profile is being updated to reflect that the Fund will no longer have Stock/Issuer Concentration or Emerging Markets related risks and that it may be subject to additional / increased investment risk relating to sustainable investing, as described below.

Risks relating to sustainable investing

Focus on securities of companies which maintain sustainable characteristics may affect a fund's investment performance. Also, the data sources for evaluating sustainable characteristics may be incomplete, inaccurate or unavailable. There is also a risk that the relevant sustainable characteristics may not be applied correctly or that the fund could have exposure to issuers who do not meet the relevant sustainable characteristics, and sustainable characteristics of a security can change over time.

All other risk factors applicable to the Fund will remain unchanged as outlined in the table below, and the risk profile will not change in a material way.
