Dear Shareholder,

Schroder International Selection Fund – use of derivatives for investment gains

The board of directors of Schroder International Selection Fund (the "Company") has decided to change the investment policy of the sub-funds listed in the appendix (the "Funds") with effect from 19 February 2020 (the "Effective Date").

The Funds' investment policies currently include the ability to invest in derivatives with the aim of achieving investment gains. The Funds do not require this ability, and so the Company has decided to remove this wording from the Effective Date. This means that from the Effective Date, the Funds will not be permitted to invest in derivatives with the aim of achieving investment gains. The Funds will retain the ability to invest in derivatives for the purpose of reducing risk or managing the Funds more efficiently.

All other key features of the Funds and their risk profiles will remain the same. There will be no change in the Funds' investment style or their investment philosophy following this change. The ISIN codes of the share classes affected by this change are listed in the appendix of this letter.

We hope that you will choose to remain invested in the Fund(s) following these changes, but if you do wish to redeem your holding in the Fund(s) or to switch into another of the Company's sub-funds before the Effective Date you may do so at any time up to and including deal cut-off on 18 February 2020. Please ensure that your redemption or switch instruction reaches HSBC France, Luxembourg branch ("HSBC") before this deadline. As previously communicated by Schroder Investment Management (Europe) S.A. ("SIM EU"), the management company of the Company, the delegation of transfer agency ("TA") activities by SIM EU to HSBC took effect from 1 July 2019. All non-electronic applications for redemption or switch should therefore be sent to the following address:

Postal address: HSBC France, Luxembourg branch
16, Boulevard d'Avranches
BP413
L-2014 Luxembourg

Telephone: +352 404646500
Fax: +352 26378977

There have been no changes to existing electronic trading channels.

HSBC will execute your redemption or switch instructions in accordance with the provisions of the Company's prospectus, free of charge, although in some countries local paying agents, correspondent banks or similar agents might charge transaction fees. Local agents might also have a local deal cut-off which is earlier than that described above, so please check with them to ensure that your instructions reach HSBC before the deal cut-off on 18 February 2020.

If you have any questions or would like more information about Schroders' products please contact your local Schroders office, your usual professional adviser, or Schroder Investment Management (Europe) S.A. on (+352) 341 342 202.

Yours faithfully,

Dear Shareholder,

Schroder International Selection Fund – US Large Cap

The board of directors of Schroder International Selection Fund (the "Company") has decided to change the investment policy of Schroder International Selection Fund – US Large Cap (the "Fund") with effect from 19 February 2020 (the "Effective Date").

The Fund's investment policy currently includes the ability to invest in derivatives with the aim of achieving investment gains. The Fund's manager no longer requires this ability, and so the Company has decided to remove this wording. This means that from the Effective Date, the Fund will not be permitted to invest in derivatives with the aim of achieving investment gains. The Fund will retain the ability to invest in derivatives for the purpose of reducing risk or managing the Funds more efficiently.

In addition, wording will be added to describe how the investment process of the Fund takes into consideration environmental, social, and governance factors.

From the Effective Date, the Fund's investment policy, which is contained in the Company's prospectus, will change from:

"Investment Policy

The Fund invests at least two-thirds of its assets in the equity and equity related securities of large-sized US companies. Large-sized companies are companies which, at the time of purchase, are considered to be in the top 85% by market capitalisation of the US equities market.

The Fund may invest in the equity securities of non-US companies provided they are listed on one of the major North American stock exchanges.

The Fund may use derivatives with the aim of achieving investment gains, reducing risk or managing the Fund more efficiently. The Fund may also invest in money market Investments and hold cash.
